

# Chris's Restaurant

BEACON POINT

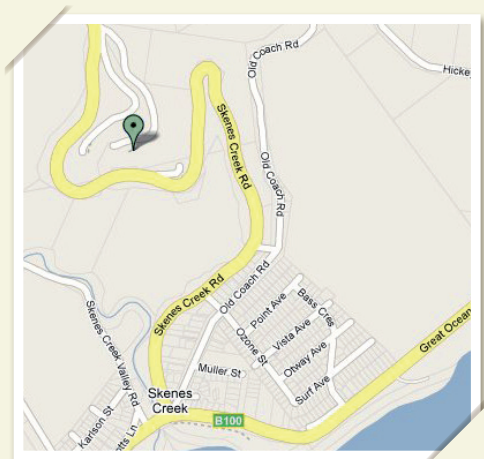

**Overlooking Bass Strait, set high in the Otways above the Great Ocean Road, Chris's Restaurant has become the Mecca for gourmet travellers.**

Our food is contemporary with a Southern European and Middle Eastern Influence. Fresh seafood is our specialty, along with a variety of Chris's most popular Greek dishes. In our cuisine, the emphasis is on simplicity and on showcasing the natural flavour of the ingredients. If we can't get it fresh it isn't on our menu.

Our wine list showcases the best wines of our region as well as the finest wines that define the character of Australia's greatest wine regions; especially chosen to complement our menu, with a price range to suit all budgets.
